

Into the Book Lyrics

Making Connections Song

Let's go into the book!
Jump in! Take a look!

When you read it,
read it,
You connect it,
connect it
To other books of this kind, things in your mind,

To your own life
and family,
Even school books
or movies,
Comics and rhymes, things in your mind.

Connect stories, memories, real things that you know,
connect stories, memories, real things that you know.
You can relate to what the author's trying to show.

Let's go into the book!
Let's go into the book!
