

Into the Book Lyrics

Summarizing Song

Let's go into the book!
Jump in! Take a look!

First you read it,
read it.
Then you shrink it,
shrink it.
Make it your size. Summarize!

If you tell it,
say it
In your own words,
your words.
Then you'll seem wise, 'cause you summarized!

It's the main points, not the details, that you need,
main points, not the details, that you need.
Tell what's most important in what you read.

Let's go into the book!
Let's go into the book!
